Delphi, who loves endless neck rubs in those late stages of pregnancy, is our farm's "secret weapon". Her fleece is incredible and her crias' fleeces are even more incredible! She grows an extraordinarily long staple, that when you open, are greeted by a lustrous high-frequency style crimp. You must look at her daughter Indie for the crimpiest (and extremely fine) fleece you've ever seen!

Delphi's dam Ms. America is an in-utero import from Peru, born in 1994. Delphi's sire is the prominent Victor's Vic. Jr, a 3/4 accoyo male who produced a limited number of offspring before passing away tragically. His sire was the legendary Accoyo Victor- one of the most influential herdsires in America. These are genetics that you cannot breed for anymore. They are rarely found, and Delphi is an extraordinary example of their work.
