What a wonderful accident! OK....Sweet and her son Lakota shared a moment not meant to be, but we feel so lucky to have this incredible little boy. Very healthy according to our vet. You can't look at this little guy and not smile.... what an engaging, playful and endearing personality. He's been practicing breeding since he was two weeks old, and just waiting for the real deal! His fleece is very fine and silky, with lots of luster. He looks just like his mom, Sweet Emotion, who is a color Champion and full sibling to the outstanding herdsire 10x Champion Peruvian Zephyrus.
