If you are looking for extreme fineness, brightness and fleece character to put on your colored females, while maintaining those valuable full Peruvian/Accoyo genetics--check out this elite male. Lakota is a handsome male with presence, who has a sweet disposition like his dam and is easy to handle. He is the firstborn son of our super fine Sweet Emotion, the only full sister to 10x Champion Zephyrus. Dr. Julio Sumar commented, "extreme coverage, very proud presence and the ideal phenotype" when he awarded Sweet 1st place and Color Champion. All of these are attributes that Sweet Emotion has passed onto Lakota. His sire is Champion grey, Peruvian Fire N' Ice. Lakota became a proven herdsire this past year. His son, at several months of age, also has that wonderful super fine fleece with lots of luster. Lakota would love to produce more offspring and would be a wonderful addition to any farm!
