Absolutely spectacular! Miss May, a Misty Maiden daughter, is the nearly identical full sister to 12x Champion, SCA Peruvian Miss Priss. She results from the pairing of "Dam of the Century" Misty Maiden and multiple Get-of-Sire winner, Royal Peruvian Apollo. While we were never able to show May, we were told by numerous reputable breeders and some judges that she would "win every show she's entered in". May's fleece is super fine and super crimped. But apart from her lineage and fleece there's something special about May that, well..... stands her apart from others. She has a certain elegance, and is very friendly and extraordinarily curious....always wants to know what we're doing and the first one eager to greet a new visitor. She loves to pick up twigs in her mouth and tap them repetitively on the metal gates, as if to make music. She is by Misty's side often, and helps to babysit the little ones. May has been bred to our Bonsai (what an amazing pairing!), with pregnancy confirmed at 60 days. We eagerly await her first cria in September '11.
