

PPF Peruvian Prius

view Histogram | ARI # 31708494

Vital Statistics

Sex: Male	Color: Light Fawn
Status: Unproven	
Birthdate: 4/26/2009	Dam: Benchmark's Peruvian Sweet Emotion
Heritage: Full Peruvian Huacaya	Sire: Peruvian Lancaster

*Prius is a bouncy and handsome junior herdsire, with ridiculously soft and fuzzy ears. He has extraordinarily fine fleece with long staple and full coverage. He has a very sweet personality, and is strongly bonded to our Buster who became his surrogate mom during weaning. Prius has an outstanding genetic lineage. His Dam, Sweet Emotion, is a **color Champion** fawn female, who is the only full sibling to 10 time Champion male Peruvian Zephyrus! Prius strongly resembles his sire, **Peruvian Lancaster**, who is a 6x Champion with 14 Blue ribbons including OABA Get of Sire and 2010 MAPACA Sr herdsire of the year. Unfortunately we were never able to show Prius because he would have come home with some ribbons for himself.*
